Dear Parents/Guardians,

Re: Permission for Publication of Student Photographs and Names on School Media

As part of our ongoing efforts to celebrate and showcase the achievements and activities of our students, we frequently utilise various media platforms including the school website, newsletters, social media channels, and other promotional materials. These mediums serve as invaluable tools to share the remarkable moments and accomplishments within our school community.

In compliance with privacy regulations and out of respect for your rights as parents/guardians, we seek your formal consent for the publication of your child's photograph(s) and name(s) on these aforementioned platforms. Please understand that these publications are intended solely for school-related purposes and will be used responsibly and with the utmost discretion.

Your consent will enable us to feature your child in a variety of contexts such as academic achievements, extracurricular activities, sports events, and other noteworthy occasions. We believe that such recognition not only fosters a sense of pride and accomplishment but also reinforces the strong sense of community within our school.

To provide or revoke consent, please fill out the attached form and return it to the school office by Friday 1 March. If you have any concerns or questions regarding this matter, please do not hesitate to contact us. Your feedback and input are highly valued and we are committed to addressing any queries or reservations you may have.

Thank you for your continued support and cooperation in enriching the educational experience of our students. Together, we can continue to cultivate a vibrant and inclusive school environment where every achievement is celebrated and every student is valued.

Warm regards,

Mrs M Rhode
Principal
